

## **Aims for Coteaching-Lab**

- To bring researchers in FULL together around a specific educational concept.
- To generate and refine new ideas around coteaching in different contexts.
- To produce papers in peer-reviewed education journals.
- To produce a special edition of TTTP on coteaching (proposal in preparation).
- To prepare a book on coteaching "Collaborative pedagogies for learning improvement"  
"Developing the learning environment through collaborative pedagogies"
- To build a "laboratory-for-learning" model for stimulating and developing educational researchers to share expertise and generate new ideas.
