

SCAI 2015

The 13th Scandinavian Conference on Artificial Intelligence

Halmstad, Sweden

Doctoral Symposium

4th of November 2015

The goal of the Doctoral Symposium is to provide a forum for PhD students to present their research and to get feedback and guidance from established researchers, as well as an opportunity for networking with colleagues from related disciplines. Students will be able to articulate and discuss their problem statement, research proposal, work in progress and preliminary results. The symposium also seeks to motivate students in the development of their scientific curiosity and facilitate their networking within the research community.

Students wishing to participate should register for the Symposium and either submit a regular paper to the SCAI conference, or submit an extended abstract (2 pages) describing their problem statement, research goals, current progress and preliminary results.

Preliminary program

9:00 – 9:30	Welcome and symposium opening, including coffee
9:30 – 10:30	Panel: AI in... robotics & healthcare & smart cities & more <i>A discussion of different approaches to AI in different domains</i>
10:30 – 11:00	Coffee break & networking
11:00 – 12:00	Student presentations
12:00 – 13:00	Lunch
13:00 – 14:00	Student presentations
14:00 – 14:30	Coffee break & networking
14:30 – 15:30	Student presentations
15:30 – 16:30	Panel: Academia and industry, during and after your PhD <i>A discussion of industrial contacts from PhD student perspective</i>
18:00 – 22:00	Social and networking activities, including dinner
