Overnight stay

Staying overnight is not a requirement. You may leave anytime as long as you are back for gateway 3 at 8 am on Saturday. However, we encourage participants to stay as long as possible because most of the group work can happen overnight. Room **R3336** will remain a quiet area reserved for resting and sleeping. Bring a sleeping bag in order to maximize your comfort.

Three people from the organization will be responsible for safety during the night. The doors to the building will remain locked. If you wish to leave or enter the building during the night, please ask one of the people in charge to open the door for you. They must know how many people are in the building at all times for safety reasons, so please let them know if you decide to leave.

Internet

If you do not already have an *eduroam* or *hh-netlogon* login, please contact the organizers and you will be provided with a temporary login.
