

Cooperating Intelligent Systems

Exercise 5

October 14, 2009

This homework covers chapter 18 and 20 in AIMA. The homework is due at the latest on October 23. You report it by emailing your written report (either as a PDF file or as a MS Word file) to SB (Stefan.Byttner@hh.se). Each homework assignment handed in on time gives one bonus-point for the oral exam. Homework handed in too late gives no bonus-points but each student must hand in all homework before the oral exam (or else he/she will not be allowed to take the oral exam). Read Chapters 18 and 20 (not pp. 716-732) in AIMA.
