

# The EIS Seed Conference

Seed time – a time for inspiration and new ideas

March 18-19, 2009, Tylebäck

*Conference goal: help each other to inspire new thinking, new problems, new applications, new solutions, new projects, and new (unconventional) ideas about collaboration*

## Program

### Wednesday, March 18, 2009

- 12.00 – 13.00 Lunch
- 13.00 – 13.30 **EIS overview and latest news**  
Responsible coordinators: Magus Larsson & Bertil Svensson
- 13.30 – 14.30 **Inventory of Subject areas**

- |         |                                      |
|---------|--------------------------------------|
| MPE-lab | Nanoscience                          |
|         | Electronics design                   |
|         | Applied mathematics                  |
| CC-lab  | Software technology                  |
|         | Computer Architecture                |
|         | Communications                       |
| IS-lab  | Learning and self-organization       |
|         | Signal analysis and image processing |
|         | Mechatronics and control theory      |
| MI-lab  | Information systems                  |
|         | Human-computer interaction           |
- 14.30 – 15.00 Coffee
- 15.00 – 16.00 **Overview and opportunities: Traffic and Transport Systems**  
Responsible coordinator: Elisabeth Uhlemann
- Problems and needs (current and future)
  - Projects (current and future)
  - EIS competence areas (currently and future)
  - Academic collaboration (current and future)
  - Industrial partners (current and future)
  - Funding opportunities (current and future)
- 16.00 – 18.00 **Group work: Sow the seeds on Traffic and Transport Systems**  
Responsible: All
- 19.00 –  
Dinner and entertainment  
Responsible: Ph.D. Students

### Thursday, March 19, 2009

- 08.30 – 09.30 **Overview and opportunities: Health Technology**  
Responsible coordinator: Nicholas Wickström
- 09.30 – 12.00 **Group work: Sow the seeds on Health Technology. Coffee included.**  
Responsible: All
- 12.00 – 13.00 Lunch and feedback (questionnaire for evaluation of seed conference outcomes)
