Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Diverse range of topics and assignments with proficient teachers, cryptography and blockchain modules were particularly valued by students.

Based on the course evaluation result - which are the weaknesses of the course?

Some issues were indicated with respect to the structure and matching the level of the material to all students (too difficult / too easy) and the overall balance in terms of workload between the different modules.

Comments about the collaboration with the course ambassadors

As expected.

Conclusion and suggestions for course development or already made decisions

The course will be revised, and the labs will be updated. The course balance and the number of seminars will be reviewed.

Other comments

We would like to thank all the students for active participation in the course and answering the course evaluation.
