Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Structured and timed well (content-wise and deliverable-wise)

Based on the course evaluation result - which are the weaknesses of the course?

Deliverables/pace needs to be clearly communicated to all from the beginning of the course (some students seem to struggle with the deliverables)

Comments about the collaboration with the course ambassadors

Did not use course ambassador much this time - we have collected feedback directly from the students during lecture/seminar breaks.

Conclusion and suggestions for course development or already made decisions

Key messages need to be repeated/reminded again and again to the students
