

DI4003 (Data Recovery, VT 2025, Halmstad, E3909, V3909)

Number of possible respondents: 85

Answers: 42

Response rate: 49,41 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The course excels in student satisfaction, alignment of design with learning outcomes, fair assessments, a supportive social environment, and a reasonable workload. These strengths reflect effective course planning and delivery.

Based on the course evaluation result - which are the weaknesses of the course?

Refine course materials to address the needs of students who felt less supported (e.g., additional resources or alternative teaching methods).

Enhance the social study environment (e.g., structured group activities or peer support initiatives).

Monitor workload balance, particularly for students who found the pace challenging.

Comments about the collaboration with the course ambassadors

Course-Specific Issue Resolution: Their input explain the strong alignment of exams and course design with learning outcomes (indices: 88 and 83, respectively).

Conclusion and suggestions for course development or already made decisions

The course is well-structured but would benefit from targeted adjustments (e.g., ambassador integration, social activities) to address minor gaps. Implementing these proposals could elevate satisfaction further, ensuring consistent excellence in future iterations.
