Number of possible respondents: 44

Answers: 15

Response rate: 34,09 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Kursens styrkor kan sammanfattas med att projektdelen och laborationer låter studenter fördjupa sig i praktiska moment kring maskininlärning. Dessa moment upplevs som roliga och bidrar till en förbättrat lärande. Kursen upplevs också delvis som välstrukturerad.

Based on the course evaluation result - which are the weaknesses of the course?

Kursen ges till studentgrupper med olika förkunskaper vilket kan ge upplevelsen att kursen är av grad svårare men också enklare (och i vissa fall för enkel). Kursens upplevda studietakt är i vissa fall hög.

Comments about the collaboration with the course ambassadors

Inga kursambassadörer har rekryterats men löpande dialog har skett med delar av studentgruppen under kursens gång.

Conclusion and suggestions for course development or already made decisions

Kursens innehåll har anpassats till de olika studentgrupperna men kan anpassas ytterligare för att ge ett djup till vissa ämnen men även stärka pedagogiken kring de ämnen som upplevs som svåra.
