Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Romanerna och seminarierna är uppskattade.

Att använda narratologisk terminologi anses öppna nya dimensioner i texterna.

Studenter kommenterade också att de överlag är nöjda med kursen.

Based on the course evaluation result - which are the weaknesses of the course?

De skönlitterära texterna känns tunga innehållsmässigt och innehåller en hel del skildringar av våld som upplevs obehagligt utan förvarning.

Mackay borde bytas ut mot Abbott som huvudbok för den narratologiska aspekten.

Det framgår även att kursen är väl tidskrävande.

Conclusion and suggestions for course development or already made decisions

Även om läraren vid seminarierna förbereder studenterna på vad romanerna kommer att handla om kan det vara idé att göra detta även skriftligt på Blackboard.

Abbott kommer att ersätta Mackay och eventuellt kommer en av romanerna att utgå för att lätta arbetsbördan.
