Number of possible respondents: 45

Answers: 14

Response rate: 31,11 %

Study pace: 33 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

seminars with breakout room setting so peer based learning and networking can work despite of a digital-only course

Based on the course evaluation result - which are the weaknesses of the course?

hard to have impact on students who did not follow the course pace (as the digital nature of the course)

Comments about the collaboration with the course ambassadors

We did not have course ambassador this time for this digital-only course but it turned out - in the final seminar - that the students are genuinely interested in a alumni type of contact. So we may introduce this ambassador function next time, also into digital-only courses

Conclusion and suggestions for course development or already made decisions

find ways that students can also work in pair (despite of digital-only course nature)
