Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Some students found the course literature and the course itself very interesting and rewarding. Others expected more focus on designers and design examples, and therefore experienced the course and the literature as too theoretical. Some students found the discussions during the hybrid lessons very valuable, while others found them uninteresting.

Based on the course evaluation result - which are the weaknesses of the course?

More recorded lectures, with increased focus on designers and design examples, to balance the theoretical parts of the course literature.

Conclusion and suggestions for course development or already made decisions

More recorded lectures, with greater focus on designers and design examples, to balance the theoretical parts of the course literature. Review the course literature and the reading instructions. Consider having only a final take-home exam, rather than combining it with tick-box exams.
