Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Deadlines and timeline where usefull.

Workshops for SPSS and writing were appreciated.

Most students enjoyed their thesis work and found good projects to work on, that often included field and laboratory work.

Based on the course evaluation result - which are the weaknesses of the course?

Statistics workshops came to early for some projects. Laboratory facilities were lacking for some projects.

Writing workshops came too early for almost all projects.

Comments about the collaboration with the course ambassadors

We had no course ambassadors.

Conclusion and suggestions for course development or already made decisions

Either include a third statistics workshop or move the last one to a later date.

We have already decided to move the writing workshops to a later date in the course.

The long term goal is to improve the laboratory facilities...
