

ER8024 (Renewable Energy Systems, HT 2022, Halmstad, H0633, X0630)

Number of possible respondents: 50

Answers: 33

Response rate: 66,00 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The course is considered to be well structured and address relevant topics.

Based on the course evaluation result - which are the weaknesses of the course?

A study visit would add value to the course. I did try to arrange one, unsuccessfully though.

Comments about the collaboration with the course ambassadors

The course ambassadors have brought up issues from the students to me. However, I could have used the course ambassadors more.

Conclusion and suggestions for course development or already made decisions

I will try harder to incorporate a relevant study visit.
