

MP6001 (Advanced Material and Manufacturing Technologies, HT 2022, Halmstad, H0517, X0520)

Number of possible respondents: 23

Answers: 16

Response rate: 69,57 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

All students (70% answered) are satisfied with the course! Lectures, course design, assignments, time spent and social environment. Some also pointed out their nice and committed teachers.

Based on the course evaluation result - which are the weaknesses of the course?

Few women and Swedish students on the course; more labs could be included (both hands-on software as well as laboratories).

Comments about the collaboration with the course ambassadors

Has a continuous dialogue with the students, no ambassadors this year.

Conclusion and suggestions for course development or already made decisions

Previous courses got comments on the amount of work and lack of structure, which seem to be better this time. Also, a study visit could be a possibility. Will have course ambassadors next year.
