

MX4025 (Project Management for Sustainability, HT 2022, Halmstad, H0527, X0527)

Number of possible respondents: 24

Answers: 15

Response rate: 62,50 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The project plan assignment which is performed as a group work got positive feedback. Also positive that the students could choose theme for the project plan by themselves. The arrangement with workshops were appreciated.

Based on the course evaluation result - which are the weaknesses of the course?

Even if there were positive comments regarding the work with the project plan, the assignment information seems to be poor. The guidelines needs to be improved. The individual reflection requires to much work.

Comments about the collaboration with the course ambassadors

.

Conclusion and suggestions for course development or already made decisions

Improvements of project plan guidelines.

Maybe add a half-time seminar, where the groups can help each other to improve the project plans.
