Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The course is generally appreciated with a high satisfaction index (85%). While comments are sparse, this is probably due to the social relevance and the depth of inquiry provided in the literature and discussions.

Based on the course evaluation result - which are the weaknesses of the course?

The course literature might need some reduction in scope, although only one student made that particular comment.

Comments about the collaboration with the course ambassadors

There were no need for course ambassadors since it was a small group, and any issues could be discussed in connection with the seminars and lectures.

Conclusion and suggestions for course development or already made decisions

The course can be kept in its current format. Literature should be reviewed before next round, both in relation to scope and to the date of published articles.
