**What do you think about lecture contents?
Were there any important topics missing
/not covered? Were there any topics
covered in the lectures which should not be
there?**

What do you think about the labs? Did the lab material and in-class support provide enough information for you to be able to perform the tasks?

Did you find various parts of the course (lectures, labs & project) to be well connected? Did they complement each other? What do you think about the exam questions? Were they well-covered during the teaching?

What do you think was the strongest point of the course? What was the weakest?

Do you feel that you had sufficient prerequisite knowledge to handle the material in the course? If not, what was missing?
