

EN4021 (Electrical Distribution Systems for Renewable Energy, VT 2023, Halmstad, V0625, X0625)

Number of possible respondents: 13

Answers: 6

Response rate: 46,15 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Projektuppgiften är uppskattad.

Based on the course evaluation result - which are the weaknesses of the course?

- Studenterna upplever att de inte har tillräckliga förkunskaper från tidigare kurser.
- Hade behövts mer schemalagd tid med lärare för projektet.

Comments about the collaboration with the course ambassadors

Har inte lyckats rekrytera några KA. Efterfrågade två stycken vid kursstart men fick inte någon respons. Har dock haft viss dialog om hur saker fungerat med de som varit närvarande på föreläsningarna.

Conclusion and suggestions for course development or already made decisions

- Försöka ta reda på vad tidigare kurser faktiskt tar upp och anpassa kursens nivå till detta istället för att som nu utgå från de tidigare kursernas kursplaners uppgifter om innehåll, då dessa utlovar mer än studenterna får med sig.
- Se över kursplaneringen vad det gäller disposition av innehållet mellan föreläsningar.
- Ersätta den möjlighet studenterna haft att boka handledning med schemalagda pass att jobba på projektuppgiften.
