Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The overall satisfaction index of 74 percent suggests that the course in general has been appreciated by the students who have answered the course evaluation survey. The open-ended answers regarding the strengths of the course emphasize the group assignment, the take-home exam, and the subject and structure of the course.

Based on the course evaluation result - which are the weaknesses of the course?

One of the open-ended answers suggests that the relevance of the course in relation to one's future career needs to be clarified.

Comments about the collaboration with the course ambassadors

The results of the course evaluation survey, and possible developments of the course, have been discussed in a meeting with one the appointed course ambassadors.

Conclusion and suggestions for course development or already made decisions

The overall conclusion from the course evaluation survey is that the course in general is well-functioning and appreciated by the students. For next year's edition of the course we will make sure to clarify its relevance in relation to students' future careers, preferably by complementing the critical analysis of media representations (the group assignment) with an exercise involving a small-scale media production carried out as part of a realistic scenario from what might be the future working life of our students.

Other comments

The response rate was 29 percent. Results thus need to be interpreted cautiously.
