Conclusion and suggestions for course development or already made decisions

Endast 4 av 10 studenter svarade på kursvärderingen, så svårt att baserat på den utforma kursutveckling. Eftersom kursen genomfördes för första gången kommer endast mindre justeringar i genomförandet göras för att samla erfarenheter från ytterligare en kursomgång. Eftersom antalet deltagare i kursen var betydligt färre än vad som var förutspått och angivet vid beställningen av kursen kommer interaktionen mellan studenterna i deras veckovisa inlämningsuppgifter justeras så att lärarna får en mer aktiv roll då studentantalet förväntas vara betydligt mindre och mer hanterbart utifrån att ge individuell respons.
