Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

I samtal med terminsambassadör, framkom att kursen upplevdes som intressant av studenter, att seminarierna var lärorika och variation på examinationerna. Särskilt moment om social hållbarhet i civilsamhället fungerade bra.

Based on the course evaluation result - which are the weaknesses of the course?

På grund av att kursen skurits ner från 11 hp till 7, 5 hp, med svårighet att komprimera, så blev det ett eller två seminarier för mycket, som skapade viss stress för studenterna.

Comments about the collaboration with the course ambassadors

Samarbete med terminsambassadörerna har varit bra, och de har kommit med bra synpunkter, bl a om vilka seminarier som kan förbättras (t ex lite otydligt varför studenterna skulle ha ett moment om ekologisk hållbarhet).

Conclusion and suggestions for course development or already made decisions

De förslag på ändringar som är aktuella är, att vara ännu tydligare varför kursen har de tre moment som den har, vad som förväntas i respektive del, samt skära ner ett par seminarier, för att skapa mindre stress/belastning för studenter.
