

DT4026 (Databases, HT 2023, Halmstad, H3155, X3157)

Number of possible respondents: 54

Answers: 17

Response rate: 31,48 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

According to students, the course strengths are the engaged and caring teachers and the practical work aligned with weekly learning. Students appreciated the course structure. Real-world examples and technical workshops contributed to a comprehensive understanding.

Based on the course evaluation result - which are the weaknesses of the course?

According to the course evaluation, there was an overload of material. Some students reported having technical issues during workshops and late feedback. Certain seminars, particularly the GDPR-focused one, were perceived as unrelated and burdensome.

Comments about the collaboration with the course ambassadors

None of the students volunteered as ambassadors.

Conclusion and suggestions for course development or already made decisions

Improve clarity in communication, and instructions, reduce workshops, and include a project-based assessment to apply theoretical knowledge practically.

Other comments

The course satisfaction index was 69% and only 31% of the students contributed to the course evaluation.
