Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The course's overall satisfaction rate is 88%, which is a significant number considering the 45% response rate. It indicates the course structure, assignments, and format met the student's ambitions. Bringing a real case to the classroom also made a big difference.

Based on the course evaluation result - which are the weaknesses of the course?

During the Christmas period, response time may be delayed. It is important to note that some assignments throughout the course will carry more weight than others, such as the Literature Review.

Comments about the collaboration with the course ambassadors

The relationship between the course ambassadors was positive. However, I plan to work more closely with the SI next year.

Conclusion and suggestions for course development or already made decisions

Work closer to SI.
