

MT8004 (Development of Product- and Manufacturing Technology, HT 2023, Halmstad, H0519, X0501)

Number of possible respondents: 40

Answers: 25

Response rate: 62,50 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The course has been given for many years and the teachers have a lot of experience in the subject. The project given is extensive and requires a lot of participation from the students.

Based on the course evaluation result - which are the weaknesses of the course?

It can sometimes be difficult to get groups that work, this is resolved during the course. We also have a small problem with some students living far from Halmstad.

Comments about the collaboration with the course ambassadors

Constant dialogue with the students during the course to get information about things that might need to be changed/improved.

Conclusion and suggestions for course development or already made decisions

The course will be given with the same content as before as this works very well.
