Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Kursens laborationer var uppskattade och upplevdes givande.

Based on the course evaluation result - which are the weaknesses of the course?

Otydlighet och brist på information, framför allt kopplat till seminariet. Överlag behöver kursen ses över och förbättras.

Comments about the collaboration with the course ambassadors

Vi har inte utsett specifika kursambassadörer. Dialog har förts med lärare under kursens gång.

Conclusion and suggestions for course development or already made decisions

Kursen behöver ses över. I år hade vi en ny kurslitteratur ifrån vilken alla övningsuppgifter hämtades (istället för att baseras på material från lärare). Det är inte helt klart ifall detta var ett bra koncept, men behöver tas med i analysen inför nästa år.

Other comments

Vi hade i år externa lärare på kursen, både som kursansvarig och undervisande. Det vore bättre att ha huvuddelen av kursen internt och möjligen några moment externt. Det har också varit generellt lågt deltagande på kursens fysiska aktiviteter.
