

DI4019 (Converged Optimized Networks, VT 2024, Halmstad, E3201, V3201)

Number of possible respondents: 18

Answers: 12

Response rate: 66,67 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The results from the course evaluation was really good, and 87% were satisfied with the course overall. There are many laborations on real lab equipment, which was very appreciated and needed to prepare the students for working in the industry.

Based on the course evaluation result - which are the weaknesses of the course?

More time in the lab or a simulation tool to practice at home was requested, but that was solved during the course with access to the lab room and scheduled time for self-study.

Comments about the collaboration with the course ambassadors

It was not possible to recruit any course ambassadors, but the teachers met the students during lab sessions weekly and had a dialogue with the students throughout the course.

Conclusion and suggestions for course development or already made decisions

This course was included in the program Network design and computer management that will be closed from next year, and this course will not be given anymore.
