Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Participants set high score for social atmosphere in this course. They believe that working in groups had a positive effect on the progression.

Based on the course evaluation result - which are the weaknesses of the course?

Course needs more detailed structure and common goals. Division into 2 parts makes it complicated to capture the "big" picture.

Comments about the collaboration with the course ambassadors

Course ambassadors were active and constructive with their comments. We met 2 times during the course and the feedback became very valuable for course development.

Conclusion and suggestions for course development or already made decisions

The course structure is going to be reconsidered. More contact hours will be implemented in the next round. Course literature is going to be updated.

Other comments

It was the first time for me to run this course, so we used the same schedule and structure as before. After course evaluation the major revision is going to be done concerning course structure, schedule and activities.
