Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Generellt så är fler av de som svarat på utvärderingen nöjda med kursen än missnöjda. Det man är nöjd med är framförallt möjligheten att träffa doktorander från olika områden, de olika modulernas innehåll och undervisningsmetoderna. Möjligheten att själv få prova ett undervisningsmoment i lärandemodulen lyfts särskilt fram.

Based on the course evaluation result - which are the weaknesses of the course?

Det är framförallt ett par personer som är väldigt missnöjda med kursen (med allt) och som skriver mycket och ingående om detta i fritextsvaren. Men generellt så är flera missnöjda med organisationen: tt det har varit rörigt med bland annat att datum har ändrats, att det florerat olika scheman med olika information och att tillfällen har ändrats med kort varsel.

Comments about the collaboration with the course ambassadors

Conclusion and suggestions for course development or already made decisions

Vi behöver se över organisationen av kursen så att det är strukturerat från början och inte uppstår ad hoc-lösningar.

Other comments

Som en kommentar till ovan negativa kritik så var det så att den lärare som tackat ja till att hålla i etikedlen (och som haft den delen under flera år) med mycket kort varsel lämnade återbud, vilket skapade en situation som innebar att vi inte hade någon ansvarig för den modulen förrän väldigt nära kursstart. Detta har framförallt bidragit till den ostrukturerade situation som beskrivs av kursdeltagarna.
