Based on the course evaluation result - which are the strengths of the course?

- Teaching method
- Explaining every problem in detail, step by step
- Assignment

Based on the course evaluation result - which are the weaknesses of the course?

- Physically see the cross-section of a wall
- 4 hours in a row is quite long and exhausting
- The pace is sometimes too fast, it's better to slow it down a little bit

Comments about the collaboration with the course ambassadors

It has worked very well, we went through the course evaluation and filled out the course analysis.
The course ambassador in this course is Aparna Girish

Conclusion and suggestions for course development or already made decisions

- Mohsen and Johan are planning to build a mini model of a traditional timber-framed wall in FABlab
- 2 hours before lunch and 2 hours after lunch
- Encourage more to interrupt me, speak up, if students feel that it is going too fast
