Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Given the small number of student responses, it is difficult to draw firm conclusions. However, the feedback indicates that students appreciated the teachers' engagement and the practical work. Several also agreed that the course design is well-structured and that they achieved the intended learning outcomes.

Based on the course evaluation result - which are the weaknesses of the course?

No specific weaknesses were identified in the course evaluation responses.

Comments about the collaboration with the course ambassadors

No students volunteered to act as course ambassadors.

Conclusion and suggestions for course development or already made decisions

Due to the very limited number of responses to the course evaluation, it is not possible to draw reliable conclusions.

Other comments

The course satisfaction index was 76%, a slight improvement from the previous year. However, only 8 students responded to the course evaluation, which significantly limits the reliability of the results and makes it challenging to draw meaningful conclusions.
