Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

In general, rich course contents and its composition of the lecture, lab and project was praised.

Based on the course evaluation result - which are the weaknesses of the course?

There were mixed opinions about random assignment of teams for the labs. Also the final exam remains a challenge.

Comments about the collaboration with the course ambassadors

There were challenges on the recruitment of ambassadors as this year team of teachers was taking responsibility for the course the first time.

Conclusion and suggestions for course development or already made decisions

The communication of lab assignment as well as clear paths to individual teachers can be improved. The form of the exam could be further improved as it remains a challenge.
