Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The course content, the blend of recorded lectures, hybrid discussions, and digital excursions /discussions, and the teacher's engagement

Based on the course evaluation result - which are the weaknesses of the course?

Some students perceive the course literature as good and rewarding, while others find parts of it too difficult and boring. However, problems related to the course literature appear to have decreased after the recorded lectures were improved during the autumn semester of 2025.

Comments about the collaboration with the course ambassadors

One course ambassador was engaged. No particular comments emerged.

Conclusion and suggestions for course development or already made decisions

The course can be further improved by facilitating students' reading of the course literature through further development of the reading instructions and by improving the recorded lectures.
