Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

The design of the course (teaching methods, literature, pedagogy, etc.) help the students to achieve the learning outcomes in the syllabus. The glue gun project was relevant.

Based on the course evaluation result - which are the weaknesses of the course?

It may be necessary to review the supervision in order to better support the work on analysis and the development of Assignment 1 and 2.

What was the most valuable thing you learned in this course (e.g., methods, analysis, design improvements, teamwork), and why?

If you could change one thing in the course to improve your learning (e.g., project setup, methods support, feedback, deadlines, seminar/poster), what would it be and how should it be changed?
