Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

Satisfaction index: 89%.

The structure and the clarity of the course. From the first lecture, we already knew everything we should do throughout the course and the task descriptions were direct and clear. Also appreciate the good connection and communication with the teacher. 5s was fun too to get a practical view as well

Comments about the collaboration with the course ambassadors

Denna gång hade jag inte några ambassadörer utan jag klargjorde från början att kursen historiskt fungerar bra och jag visade tidigare kursresultat. De tyckte det var en mkt bra ide.
