

TB4011 (Exercise Physiology with Laboratory Methods, HT 2025, Halmstad, 10312, H0311, X0311)

Number of possible respondents: 28

Answers: 12

Response rate: 42,86 %

Study pace: 50 %

Examiner's course analysis

Based on the course evaluation result - which are the strengths of the course?

bra föreläsare, intressanta laborationer inom träningsfysiologi, studiebesök och ELEIKOkurs. Flera deltagare tyckte studietakten var lagom.

Based on the course evaluation result - which are the weaknesses of the course?

att kursansvarig inte undervisade i kursen och att instruktioner och genomförande ibland inte stämde överens. Några studenter tyckte studietakten var för hög. Problem i vissa grupper att hitta samma nivå på gemensamma labbrapporter.

Comments about the collaboration with the course ambassadors

kursambassadörer träffade programansvarig och undervisande lärare och framförde klassens åsikter.

Conclusion and suggestions for course development or already made decisions

till nästa år kommer kursansvar och undervisande lärare att vara samma personer. Detta kommer att underlätta för deltagarna så att samma information ges till alla. Ett fördjupningsmoment tas bort så mer tid kan läggas på föreläsningar och laborationer.
